### Minimal Collection

New technologies allow us to design and manufacture high performance products. In our case, the shower trays we offer meet the highest requirements in terms of quality, durability and hygiene. They can also fit into any space.

We have a wide range of sizes for each model. They are antibacterial and non-slip, easy to install and handle. They can be cut for a perfect fit. They are also easy to maintain with regular cleaning products.

The Gel Coat is of a high quality material, created with ISO NPG unsaturated polyester resins, traditionally used in sanitary applications as well as in the naval and aeronautical industry.

Our shower trays have high performance properties, and are ideal for the bathroom. The design is elegant and sophisticated. They can be adapted to the latest, large-size decorative trends.

We offer a wide range of measurements and colours.

**OVO**  
SHOWER TRAYS

*We offer a wide range of products and services at very competitive prices, of the highest quality and supported by a team that is renowned for its cordial treatment and spirit of service.*

The gel coat attains a very high level of hardness during the maturation process. This property, along with its thickness, ensures that the surface of the tray is much stronger compared with models produced using other manufacturing techniques.

Committed to  
quality, service  
and care for our  
environment.

OVO

**Colour range**

Wide range of colours, customisable to any colour in the RAL chart on request (ask our sales department about the special conditions for this service).

**Customisation**

Fully customisable up to the maximum size (200 cm long and 100 cm wide).  
Accessible via a complementary ramp for disabled access.

# Soul

Its simple design of minimalist aesthetics means that this tray offers an stylish and harmonious line. Available in a wide variety of colours, which lends it great versatility.

Soul is a shower tray with a drain concealed in the tray frame, elegantly integrated into the perimeter to minimise its visual impact and bring fluidity. It can be the differentiating and decisive element.

**Siphon**

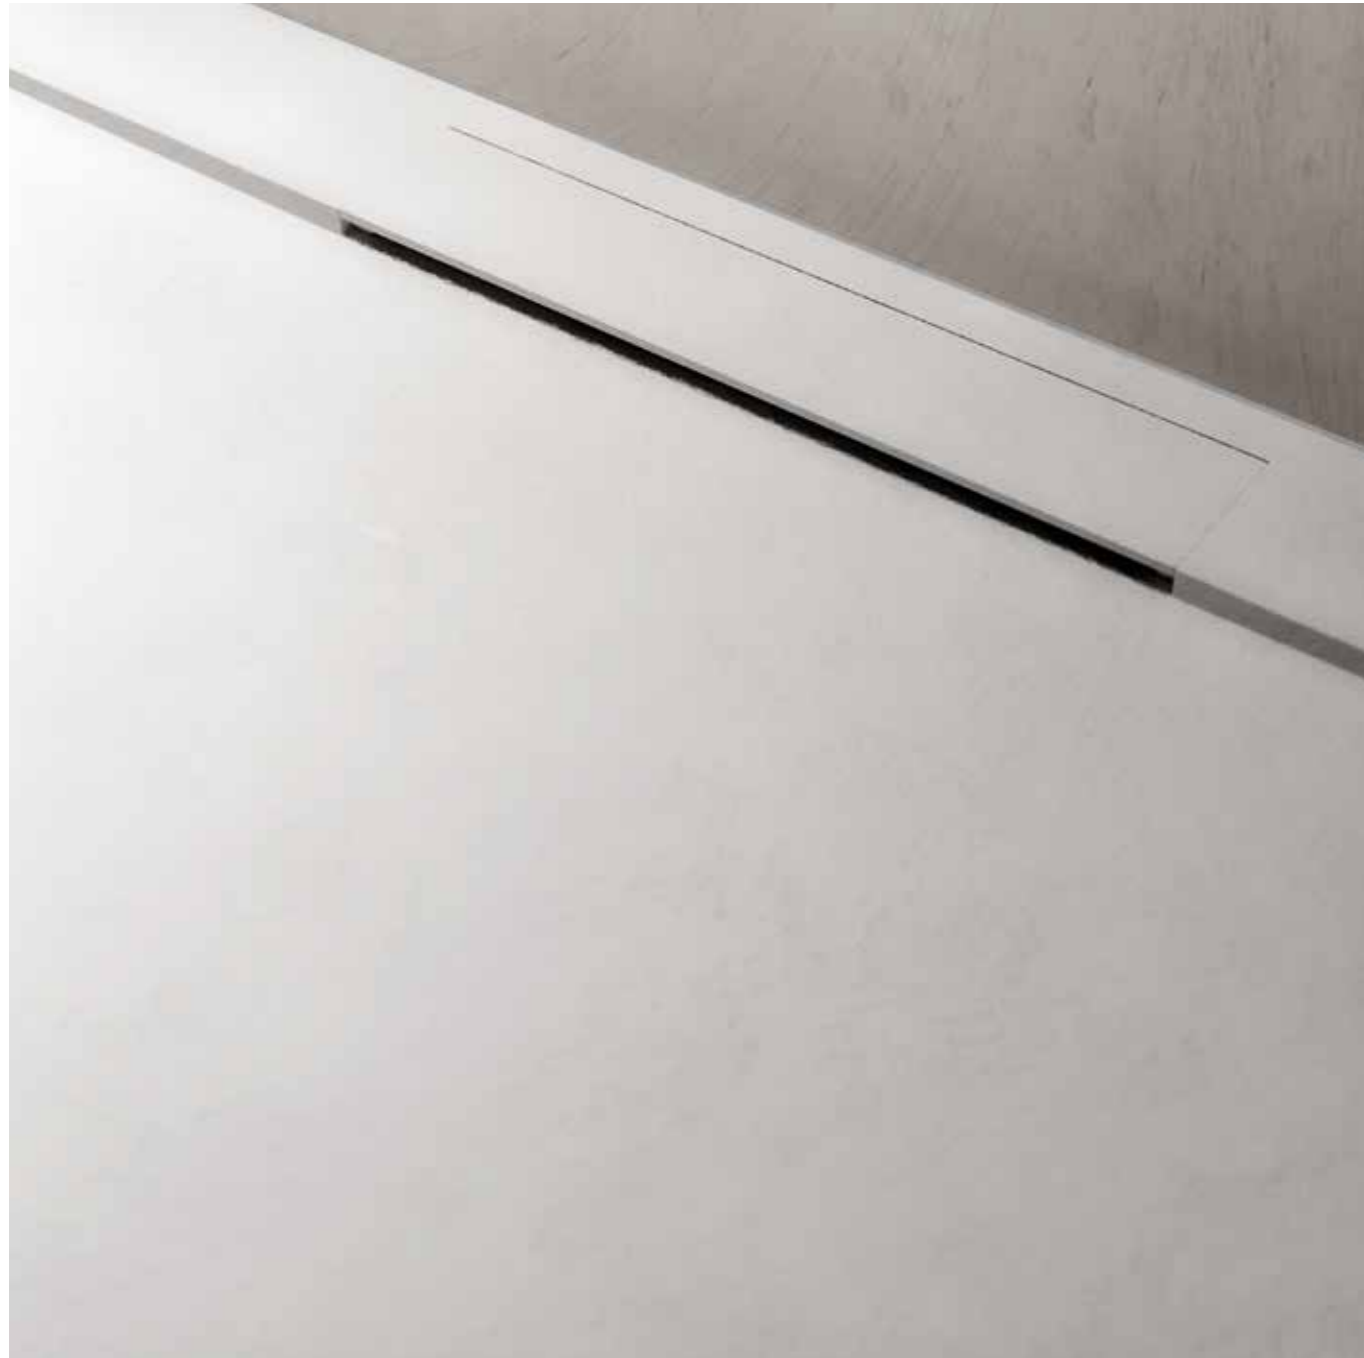

User-friendly siphon.

**Thickness**

Tray thickness 3 cm.

# Soul

**High end**  
Quality details that will  
give them great personality.

**Perimeter drain**  
Perimeter drain, finished in the  
same colour and texture as the tray.

**Coat Safe**  
Repairable surface with anti-slip, anti-  
bacterial and UV resistant texture.

**A**

**Tray length**  
Measurements between  
100 cm and 200 cm.

**B**

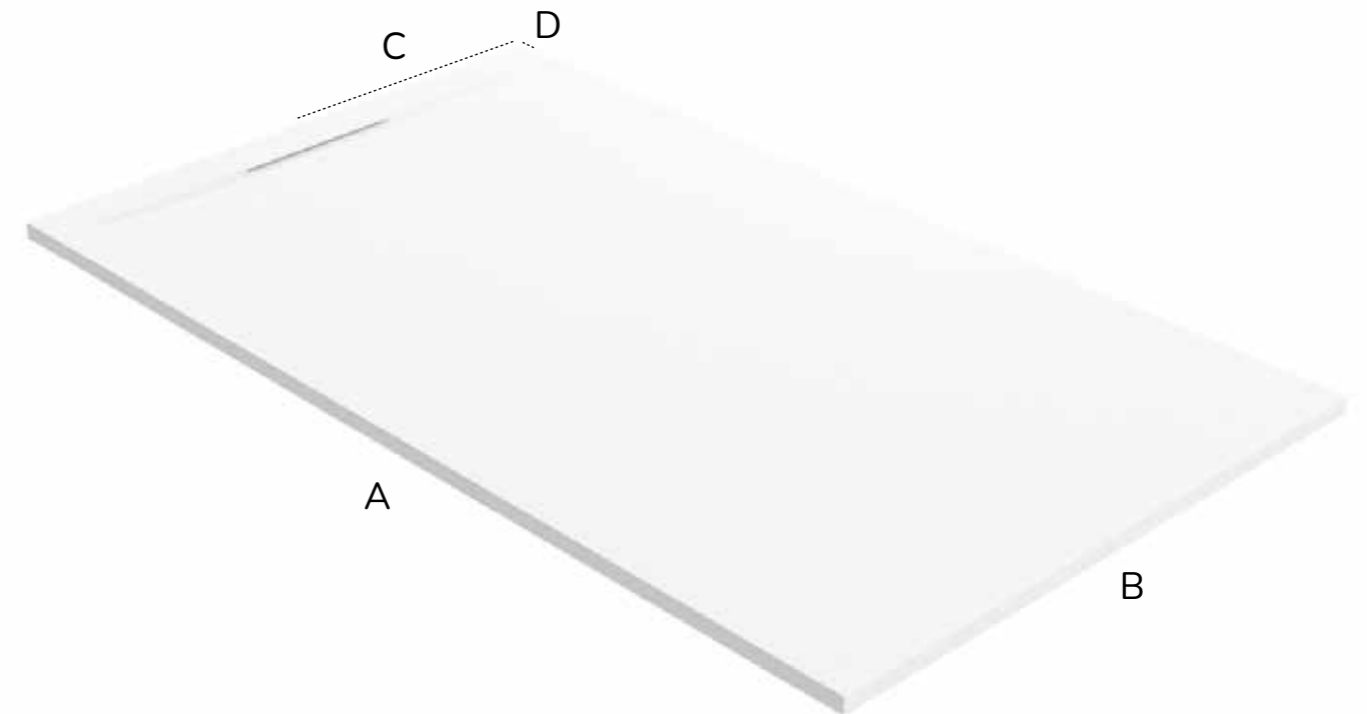

**Tray width**  
Measurements between  
70 cm and 100 cm.

**C**

**Distance to the center of the drain**  
this measurement will be equal to  
half the width of the tray.

**D**

**Distance to the center of the drain**  
5,7 cm

**Customisation**

Fully customisable up to the maximum size (200 cm long and 100 cm wide).  
Accessible via a complementary ramp for disabled access.

# Horizon

The horizon is a timeless, visual idea. It is abstract and unattainable, therefore infinite. On the earthly plane it is posed as a goal or destiny. This is the concept on which our design is based.

Horizon is a shower tray with a concealed drain with a Gel Coat cover in the same colour as the tray. The result is elegant, minimalist in style and ideal for any space. From classic to contemporary styles.

**Siphon**

User-friendly siphon.

**Thickness**

Tray thickness 3 cm.

# Ministry

Sobriety and simplicity are synonymous with good taste. These are the qualities of this design. As a result, it blends in with any aesthetic style. It is elegant and simple.

Ministry is a shower tray with an integrated drain made of the same material as the tray, i.e. Gel Coat. Its purity of lines is its main feature.

**Siphon**

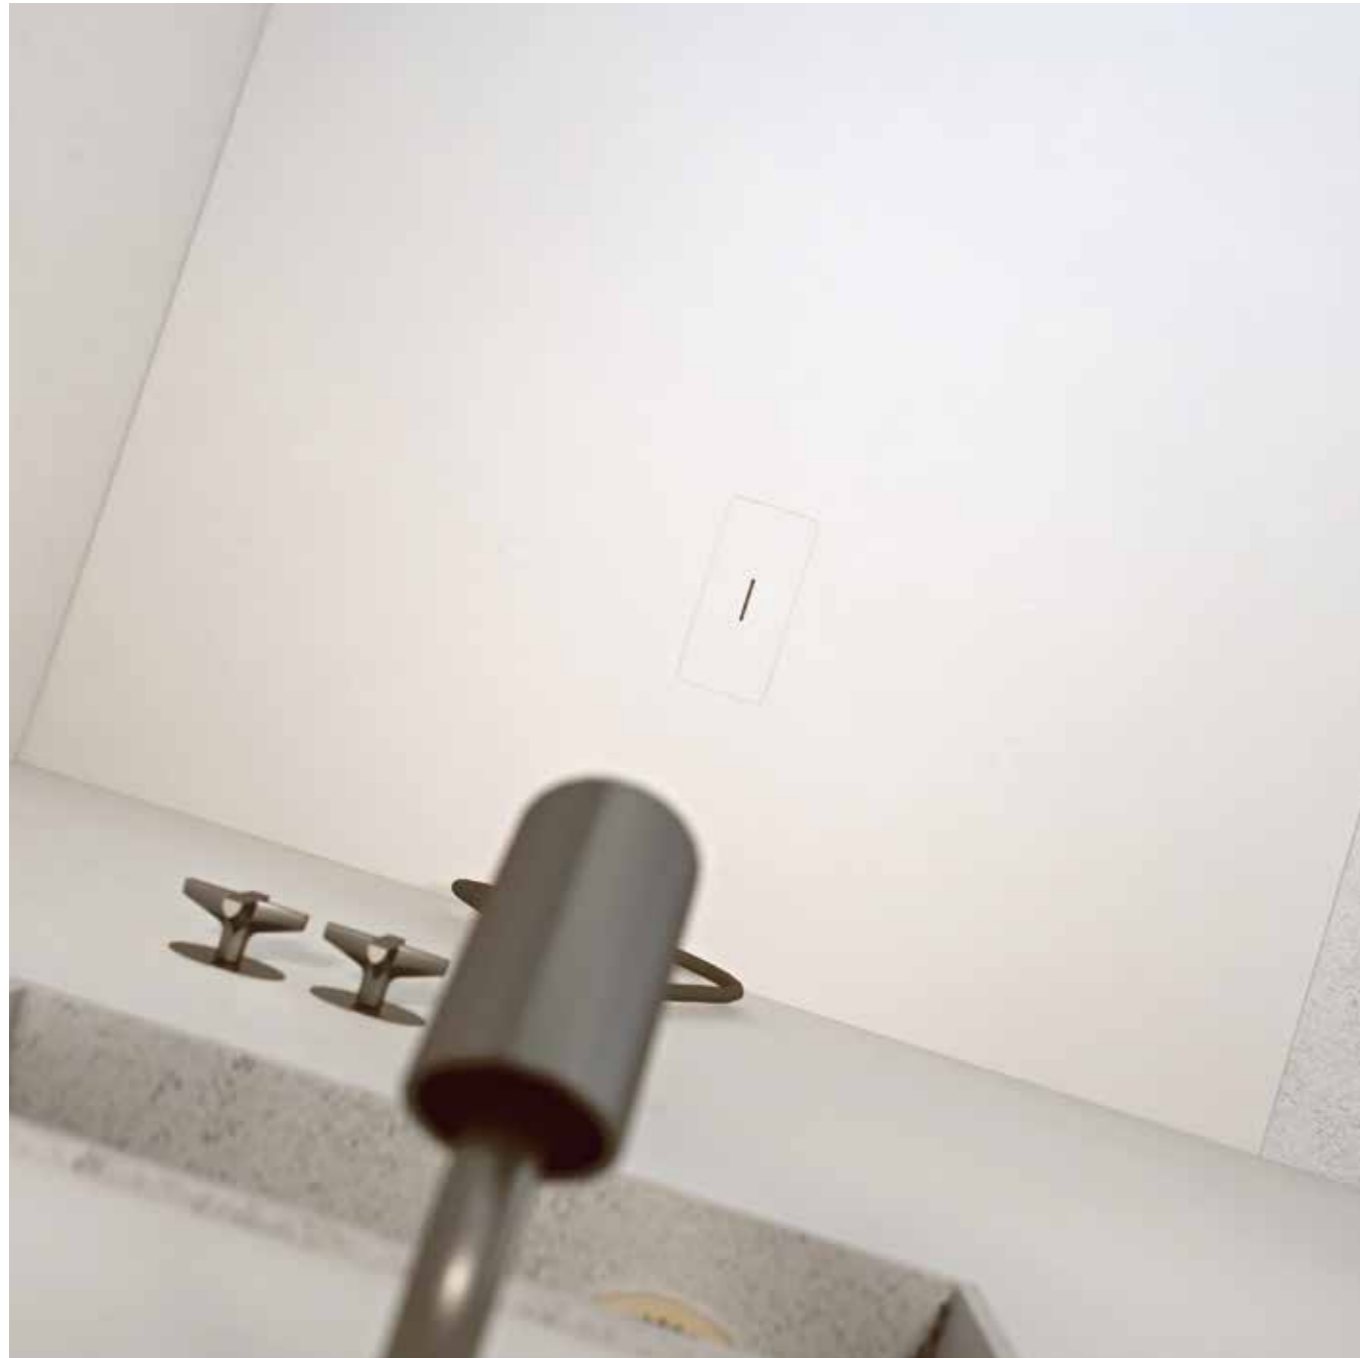

User-friendly siphon.

**Thickness**

Tray thickness 3 cm.

# Ministry

**High end**  
Quality details that will  
give them great personality.

**Perimeter drain**  
Perimeter drain, finished in the  
same colour and texture as the tray.

**Coat Safe**  
Repairable surface with anti-slip, anti-  
bacterial and UV resistant texture.
